

DIGITAL DESIGN GRAPHICS TECHNOLOGY (DDGT)

Are you creative and like working with computers? Would you like to learn to create two- and three-dimensional graphics? Why not work doing something you enjoy? Technical drafting and animation careers are booming!

Napa Valley College's DDGT program is a comprehensive, four-semester program. Upon completion, a student is employable as an entry-level design drafter and three-dimensional (3D) artist, with the versatility to work in a wide range of drafting and 3D graphics fields.

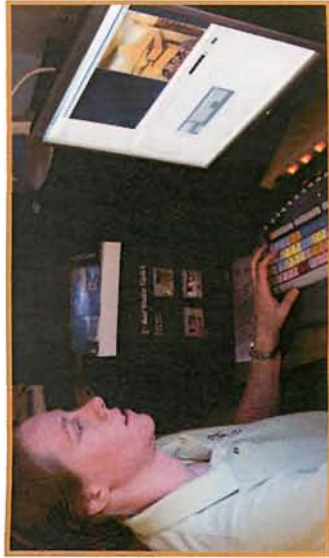

Coursework includes the latest release of the AutoCAD drafting program, 3D Studio Max (animation), Rhino 3D (solid modeling), Macromedia Dreamweaver (website design), and Adobe Photoshop (image editing).

The DDGT program lab is also an Autodesk Premier Training Center, which ensures that students are always taught on the most current releases of the various Autodesk software programs used in their coursework.

As a graduate in digital design and graphics, you'll be ready to start your career in mechanical or architectural drafting and design or technical illustration using 3D rendering programs.

CAREER OPPORTUNITIES

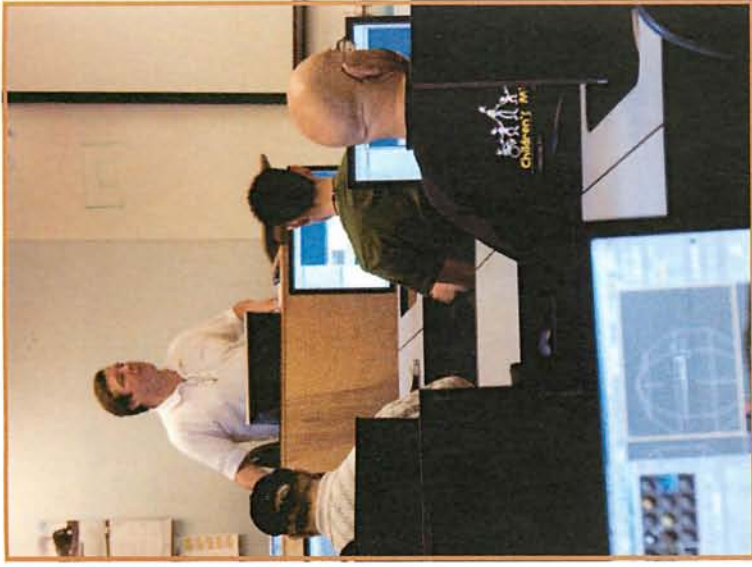

Faster than average growth through 2008 is expected for drafters and other related careers. People with college training (A.S. degree) in drafting-related programs, supplemented with some experience, will have the best choices of positions.

Bay area entry-level salaries average \$40,000 per year. Experienced employees may earn \$90,000 per year. Job vacancies in Northern California are plentiful.

PROGRAM OPTIONS

For specific courses and requirements, consult an NVC catalog, the program coordinator, a counselor, or the NVC website: www.napavalley.edu

CERTIFICATE

50 units (minimum grade of C in all courses)

Consult the NVC catalog or website for specific courses.

A.S. DEGREE

The A.S. Degree requires 61 units (minimum grade point average 2.0, minimum grade of C in all courses required for the major). Students must take all courses required for the certificate and 29 general education units. Students must consult with the program coordinator.

TRANSFER

NVC's program also provides a foundation for transfer to a four-year college. Consult the catalog of your choice and get help with specific requirements from an NVC counselor

NAPA VALLEY COLLEGE

Napa Valley College's spacious tree-lined campus is located south of downtown Napa. In addition to excellent instructional programs, the college offers many services to students: assessment, career information, counseling, financial aid/EOPS, transfer information and accommodations for persons with disabilities.

NVC is dedicated to educational excellence and student success. Our occupational programs can help you train for a new career, upgrade your current skills, or prepare you for transfer to a four-year college or university. ESL classes are offered to help limited-English-speaking students prepare for NVC's programs.

NVC is one of 109 colleges in the California Community College system, the largest system of higher education in the world. More than 9,000 full- and part-time students pursue their goals in day and evening classes each semester. Classes are offered in locations from Calistoga to the north to American Canyon to the south.

The serene, 160-acre main campus includes outstanding laboratories and technical facilities, fully accessible classrooms, a Child Development Center, a six-acre vineyard and the Napa Valley Vintners' Teaching Winery.

In 2006 Napa Valley College became solar-powered.

The Upper Valley Campus, in its picturesque valley setting in St. Helena, includes a professional teaching kitchen and the Napa Valley Cooking School.

A Small Business Development Center and Community Education Center are both located in downtown Napa.
